

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
MEETING DATE: November 7, 1990
AGENDA TITLE: Approve Purchase of Hewlett-Packard Microcomputers and Miscellaneous Peripheral Equipment

RECOMMENDED ACTION: That the City Council approve the purchase of five Hewlett-Packard microcomputer systems for use in the Public Works Department from Hall-Mark Electronics in an amount not to exceed \$35,000.

BACKGROUND INFORMATION: On October 3, 1990, the City Council approved specifications for the purchase of five Hewlett-Packard microcomputer systems and peripherals. The specifications included provisions for a "base bid" and additional bids for some alternatives, mostly video monitors and memory upgrades.

Bids were opened on October 24 and the following six bids were received:

<u>Bidder</u>	<u>Location</u>	<u>Total Base Bid</u>
Hall-Mark Electronics	Rocklin	\$34,483.44
Computerland	Stockton	\$35,284.56*
D&G Connecting Point	Sacramento	\$35,896.56**
On-Line Connecting Point	Stockton	\$36,727.44
Hewlett-Packard Co.	Sacramento	\$36,902.21
Univar	Sacramento	\$36,995.06

*Base bid did not meet specifications

**Corrected figure

The low bidder, Hall-Mark Electronics, also included installation of memory chips, initial testing, and installation of the operating system which none of the other bidders included. This will save the City at least one full day of staff time. Staff is still investigating some of the alternative memory and video configurations and may wish to select some of those items in lieu of items included in the base bid.

This purchase would expand capability to run AutoCAD, as well as engineering, spreadsheet, word processing and data base programs. Future plans include integrating all Public Works systems into a local area network. Two systems are for the Building and Equipment Maintenance Division for maintenance management programs.

APPROVED:

THOMAS A. PETERSON, City Manager
